	14	General Lecture: Customs and Excise		<i>Active Lecturing (AL)</i>
	FINAL EXAM			
Teaching/ Learning Methodology	<p>Teaching methods applied in this subject are active lecturing and case-based learning.</p> <p>In active lecturing, lecturer presents the related materials and students are required to be actively involved during the lecture. This course also applies case-based learning in which students achieve the learning objectives by discussing and solving related problems or cases under guidance of the lecturer. Students are required to submit papers containing analysis of the cases and to deliver presentation of the cases which is then followed by discussion.</p>			

	<p>Students are also required to attend tutorial sessions to improve their technical skill related to all topics in this subject. During lectures or tutorial sessions, students will also be required to complete quizzes.</p> <p>The policy related to plagiarism, cheating, and attendance must refer to faculty regulation.</p>
